Phoenix, Arizona

## *Professional Summary*

---

Illustrator specializing in 2D animation, storyboarding, and visual development, with experience in both digital and traditional media. Skilled in character design, prop design, and sequential storytelling, creating engaging visuals for various projects, including Animations, song covers, and character designs. Collaborates closely with clients to refine artistic direction and deliver high-quality work on schedule.

## *Professional Experience*

---

### **Freelance Illustrator | 2025**

Commission for Space Commute by Grace Hayes & AJ Odneal

- Designed a custom song cover, character illustrations, and an 8-second animated short for a Spotify Canvas commission. Created unique character designs and developed animated visuals to enhance audience engagement.

### **Freelance Illustrator | 2023-Current**

Self-Employed

- Created commissioned artwork, including song covers, zines, concept designs, and textile designs, while collaborating with clients to refine their artistic vision. Delivered high-quality digital and traditional pieces on time, ensuring each project met creative and professional standards.

### **Program Coordinator | 2024-present**

Women In Animation at ASU | Vice President

- I facilitate social and networking events to promote community building among students in animation, while overseeing event logistics, finance management, and outreach efforts. I also lead conference and event planning in the absence of the President, coordinating logistics and communication, and collaborate with leadership to foster inclusivity and member engagement.
